Maintenance Worker

Tri-County Water is seeking to fill a Full-Time **Maintenance Worker** position. Position requires ability to work in adverse weather conditions while performing construction, operation, and maintenance activities on a domestic water distribution system. Utility pipeline construction or mechanical trade experience and CDL preferred.

Key Responsibilities:

- Perform routine maintenance and repairs on water distribution systems, including pipes, valves, hydrants, and meters.
- Inspect, diagnose, and troubleshoot equipment and system issues, implementing effective solutions.
- Conduct preventative maintenance tasks to minimize downtime and extend the lifespan of equipment.
- Assist in the installation and upgrade of water utility infrastructure.
- Respond promptly to emergency calls and participate in on-call rotation as needed.
- Maintain accurate records of maintenance activities, repairs, and inspections.
- Adhere to safety protocols and regulations to ensure a safe working environment.
- Collaborate with team members and other departments to support efficient operations.

Qualifications:

- High school diploma or equivalent; technical or vocational training is a plus.
- Previous experience in maintenance, plumbing, or a related field preferred.
- Knowledge of water distribution systems and related equipment.
- Ability to read and interpret technical manuals, blueprints, and schematics.
- Strong problem-solving skills and mechanical aptitude.
- Excellent communication and teamwork abilities.
- Valid driver's license with a clean driving record.
- Ability to lift heavy objects, work in various weather conditions, and perform physically demanding tasks.

Benefits:

- HSA (fully funded by the District)
- Paid time off and holidays.
- 457(b) Employer Funded Retirement
- 2024 Starting Salary \$50,215 annually

How to Apply: Application is available online at www.tricountywater.org. Email application to kyle@tricountywater.org or return to 647 N. 7th Street, Montrose, 81401. Open until filled.
